TRYSTER CAPTURES JEROME HANDICAP; KNOBBIE SECOND

Whitney Entry Easily Wins the Feature Race in Four Horse Contest.

MAVOURNEEN A VICTOR.

Gets Third After Nearly Knocking Down Others—Steeplechase to Crest Hill.

By Vincent Treanor.

BELMONT RACE TRACK, Sept. 8.—Tryster, the Whitney entry, easily won the Jerome handicap this afternoon in a four horse race. Knobbie finished second and Frigate was third. Tryster, held at 1 to 4 in the oral betting, finished two lengths in front of Knobbie. Curfew and Grey Lag were scratched.

Mavourneen won the third race, but only after her rider, Collett, had nearly knocked down Esquire and the favorite Vista. The latter was in front and Esquire right with him when Mavourneen coming on the outside crossed over in front of them. Robinson, on Vista had to pull up sharply almost to last place. Mavourneen then went on to win in a drive from Gray Gables, who was backed as a good thing. Rep was third. The stewards questioned jockeys Callahan, Robinson and Collett, and then let the race stand as they finished.

The steeplechase had only two starters. Crest Hill led by a small margin until nearing the far turn last time round. There Crawford called on Le Marsouin and he got in front of Crest Hill. Byers then shook the latter up and they came to the last jump almost on even terms. On the flat Le Marsouin's nose was in front in one stride and Crest Hill's the next. They went past the judges almost like a team. Crest Hill, the favorite, got the verdict by a head.

The opening race, a French claiming affair, with maiden jockeys as pilots, was won by Fair Virginian in a gallop. She raced head and head with Last Girl to the stretch and then drew out to an eight-length victory. Last Girl tired from her early efforts and was beaten by John Madden's sword under a park policeman's ride by young McMurray.

Babe Ruth Bags Man With Badge Who Stalled Him

Chap Told Him He Was Speeding and Drove Off, but Bambino Gets Him.

Babe Ruth bats baseballs and drives motor cars. Frequently he puts speed in both performances. Sometimes he gets a home run and sometimes he gets a summons. But he doesn't break the speed rules all the time, and here's the story of how he turned the tables on a man who tried to play horse with him early this morning in an automobile.

The Babe, with Mrs. Ruth and two friends, was on his way along Mott Avenue, hastening homeward toward the Ansonia Hotel. Between 16th and 14th Streets a man in what looked to the Babe like a light, tin-plated machine, ran alongside the Ruth car and gradually urged the Babe into the curb. When everything was at a standstill the stranger flashed a badge and said: "You've been speeding." The Babe denied it, but the man was sure and flashed a badge to uphold his word. When he learned who was at the wheel of the Ruth car he said he was sorry and sped off.

Now did curiosity grip the Babe. He wanted to know who had been so kind to him, so he set out after the man in the little machine, catching up with him at 138th Street and Canal Place. As the man did not seem to want to stop at a hall, the Babe pocketed him in front of Patrolman Otto of the Alexander Avenue Station and explained the circumstances. All then adjourned to the station house, where the stranger said he was Joseph Valentine of No. 145 East 110th Street. The badge turned out to be one of those worn by employees of the Consolidated Gas Company, and Valentine said he was a salesman for the concern. Ruth refused to make a charge against him, so he was not arrested. Then the Babe resumed his journey.

MELLON LAYS NEW TAX REVISION PLAN BEFORE COMMITTEE

WASHINGTON, Sept. 8.—Repeal of the excess profits tax retroactive to last Jan. 1, and of the capital stock tax effective next Jan. 1, was recommended to the Senate Finance Committee today by Secretary Mellon.

To make up the loss for this fiscal year the Secretary proposed retention of one-half of the transportation tax until Jan. 1, 1922, a manufacturer's tax on cosmetics and proprietary medicines and an increase of 5 per cent in the normal income rate on corporations.

He also recommended elimination of all income surtaxes in excess of 25 per cent, effective Jan. 1, 1922.

KUMAGAE WILL NOT PLAY IN NATIONAL NET MEET

Illness Compels Japanese Tennis Star to Withdraw Entry.

PHILADELPHIA, Sept. 8.—Ichio Kumagae, the Japanese tennis star, will not compete in the national tennis singles championships which will begin tomorrow at the Germantown Cricket Club. This announcement was made today by the Tournament Committee, which learned that the Japanese was taken ill Monday after his Davis cup match with William A. Tilden 2nd.

Up to today it had been hoped he would recover sufficiently to play, but he was still in such bad shape that he had decided to default to St. Howard Vase of New York whom he was to have met in the first round to-morrow.

HEARING ON WILSON BOUT POSTPONED FOR ONE WEEK

Jersey Board Grants Request of Fighter's Manager—Money Still Held Up.

Johnny Wilson accompanied by Martin Killilea, his manager, visited the offices of the New Jersey Boxing Commission today to answer charges filed against him by Commissioner Charles Lyons and Charles McNair, reading that Wilson did not perform at his best in his recent bout against Bryan Downey. After listening to the charges Killilea asked for a postponement until Sept. 13, in order to secure counsel. The postponement was granted by Chairman Doherty of the State Board. In the meantime, Wilson's end of the purse, amounting to over \$37,000, has been ordered held up until the Commission renders its final verdict.

Information received from a reliable source late today was to the effect that material which testimony is offered by Wilson and his manager at the next meeting, the commission had already reached its verdict and that they would hold up Wilson's end of the purse and fight the case in the courts if necessary.

BUCKLEY'S NAME ORDERED STRICKEN FROM BALLOTS.

Not Enough Voters Signed Candidate's Primary Petition.

The Board of Elections was enjoined today by Justice Leander E. Fisher of the Brooklyn Supreme Court, from printing on the Democratic primary ballots the name of Michael F. Buckley, independent candidate for the nomination for Sheriff of Kings County. Justice Fisher upheld contentions in a petition filed by John J. McManus of No. 209 St. John's Place, through Algonquin L. Nova, counsel, that 688 of the 1,482 names on Buckley's petition were not those of legally enrolled voters. This left the Buckley petition with only 901 legitimate signatures, whereas 1,000 are required.

Buckley's petition was drawn up by the Board of Elections last week on the ground sustained today by Justice Fisher. Justice Cropper, however, issued an injunction in Buckley's favor, holding that the board had no power to ignore the legitimacy of signature of a nominating petition, that being a function of the courts. The application to Justice Fisher followed.

LEGALIZATION OF 2.75 BEER URGED BY SENATOR CALDER TO HELP SOLVE TAX PROBLEM

Declares Government Can Raise \$175,000,000 a Year by Big Impost on Beer and Spirits.

WASHINGTON, Sept. 8.

Legalization of 2.75 per cent. beer and the imposition of a heavy tax on it would aid Congress in solving the tax revision problem, Senator Calder of New York said today.

Senator Calder proposed a levy of \$5 a barrel on 2.75 beer and an increase from \$2.20 to \$6.40 a gallon on spirituous liquors.

He will place his proposal before the Senate Finance Committee, with figures to show that \$175,000,000 annually can be derived from these two sources.

Senator Calder explained his plan to President Harding in a lengthy conference at the White House. He said that 20,000,000 gallons of distilled spirits were withdrawn from bonded warehouses during the past year.

"Ninety per cent. of this was used for beverage purposes and should have paid the beverage tax which was paid by consumers," said Senator Calder.

LEADER EXPECTS UNIONS TO ACCEPT LANDIS DECISION

"But We Expected More," Declares President of Building Trades Council.

CHICAGO, Sept. 8.

Acceptance of the wage decision handed down yesterday by Federal Judge Landis was forecast by Thomas Kearney, President of the Chicago Building Trades Council, in a statement today following a long meeting of leaders of the Council last night to discuss the award.

"Of course Judge Landis's decision came as a blow," said Kearney. "We expected him to be more liberal, but we selected him and I expect all of us will abide by his decision."

"We are more obligated to accept the decision than the other parties to the arbitration agreement, because Judge Landis was our choice for arbiter."

The wage award will be taken up again at a session of the Building Trades Council Friday.

BOLSHEVIKI EXECUTE SIX AS AMERICAN SPIES.

Sixteen Women Among 61 Slain for Alleged Conspiracy.

RIGA, Latvia, Sept. 8. (Associated Press).—The Pravda of Petrograd prints an official list of sixty-one persons executed by the Bolsheviki, charged with participating in the recent plot. Included were sixteen women.

Others executed included Prince Constantine Tomanoff, aged twenty-nine, and Prince Sergius Oukhtomsky, thirty-five, the latter a widely known sculptor. Both were accused of applying six on the list were described as "American spies or couriers," two being Prof. Vladimir Tugansky, aged thirty-one, alleged head of the plot; and Count Sergius Schulenburg.

ROOT WON'T DENY REPORT HE IS TO HEAD WORLD COURT

Told He May Be Drafted by League, He Asks "Is There a New Extradition Treaty?"

WASHINGTON, Sept. 8.

Elihu Root, after a conference with President Harding today, declined to affirm or deny reports that he would accept the Presidency of the International Court of Justice of the League of Nations.

Advised of cable despatches that League of Nations officials were considering "drafting" him for head of the International Court of Justice, Root was silent for a moment, and then asked: "Is there a new extradition treaty covering this?"

The probable composition of the World Court will be a representative of the United States, England, France, Italy, Japan, Russia, Germany, Holland, Sweden or Norway or Denmark, Chile and Brazil.

RAILROAD IN SOUTH ASKS MILITARY PROTECTION.

Follows Dynamiting of Train—Engineer Killed Last Night.

ATLANTA, Ga., Sept. 8.—Military protection for employees and property of the Atlanta, Birmingham and Atlantic Railway will be asked of Gov. Hardwick as a result of recent dynamiting of freight trains, following the wreck of a freight train last night, in which Engineer John E. Morris was killed and several trainmen injured.

A number of employees have suffered injuries and an engineer died last week as a result of a shooting affray near Fitzgerald. The attacks have followed a strike last spring.

BRITISH NOTE TO IRELAND MAKES ONLY ONE CONDITION, CAN'T RECOGNIZE REPUBLIC

Lloyd George Invites De Valera to New Conference Sept. 20—Sinn Fein Says Ireland Has Not Rejected Dominion Status and Is Willing to Stay in Empire.

INVERNESS, Scotland, Sept. 8. (Associated Press).—The British Cabinet's reply to the latest note from Eamon De Valera, the Irish leader, was given out here today.

The Cabinet asked Mr. De Valera for a definite reply as to whether he was prepared to enter a conference to ascertain how the Association of Ireland and the British Empire can best be reconciled with the Irish National aspirations. It suggested that the conference be held in Inverness on Sept. 20.

Mr. Lloyd George says he cannot believe a refusal to enter into conference would mean repudiation of allegiance to the Crown, and that Mr. De Valera's real objection is a fear that the British proposals offer less than liberty to Ireland, that matter can be discussed in the conference, it held.

LLOYD GEORGE HAS TREATY PEN READY FOR IRISH PEACE

Tells "Anonymous American Friends" He Hopes for Lasting Harmony Before Year's End.

(Associated Press).

LONDON, Sept. 8.

Prime Minister Lloyd George, it was learned today, told the messenger boy who recently delivered to him and the members of his Cabinet a box of cigars from anonymous American tourists as he signed the receipt: "This is the pen with which I signed the peace treaty, and I hope to sign the Irish agreement with it."

The messenger boy brought back to the donors of the cigars a letter from Mr. Lloyd George, addressed to "My Anonymous American Friends," saying: "It is genuinely helpful, at a critical moment like the present, to receive this really delightful token of sympathy and good-will from a group of Americans, and I trust we may succeed this year in founding lasting peace and harmony between two great races which both have contributed so largely to the life and history of your great Republic."

So applied, the principle of government by consent of the governed would undermine the fabric of any democratic state and drive the civilized world to tribalism.

"On the other hand we invite you to discuss our proposals on their merits."

"In order that you may not doubt the scope or sincerity of our intentions, it is open to you to raise at the conference the subject of guarantees on any reasonable point, without prejudicing the proposals."

"His Majesty's Government is loath to believe that you will insist upon rejecting our proposals without a conference. To decline to discuss a settlement which will bestow upon Irish people the fullest freedom for national development within the empire can only mean that you repudiate all allegiance to the Crown and all membership of the British Commonwealth."

"If we are to draw this inference from your letter, further discussions will serve no useful purpose and all conferences would be vain. If, however, we are mistaken, as I still hope, and if your real objection to the proposals is that they offer Ireland less than the liberty we described, that objection could be explained at the conference."

"You will agree that this con-

TEXT OF BRITISH REPLY TO IRELAND, OFFERING PARLEY

LONDON, Sept. 8.—The text of the British Cabinet's reply to the latest note from President De Valera was published here today. The British note, which was handed to Sinn Fein's envoy yesterday at Inverness read as follows:

"The principle of government by consent of the governed is a fundamental part of the British constitutional development, but we cannot accept as a basis for a practical conference, an interpretation of that principle which will commit us to grant any demands you might present even to the extent of setting up a republic and repudiating the Crown."

"You are aware that a conference on such a basis is impossible."

"So applied, the principle of government by consent of the governed would undermine the fabric of any democratic state and drive the civilized world to tribalism."

"On the other hand we invite you to discuss our proposals on their merits."
